Warranties

Material Warranty

All vinyl and aluminum railing products include a warranty from the manufacturer. The manufacturer's lifetime warranty states that the material will be free from any manufacturing defects including peeling, flaking, blistering, rotting and corroding, when subject to normal and proper use. Cable railing systems includes a 10-year warranty against defects when installed and maintained according to manufacturer's recommendations.

Workmanship Warranty

Murphy Fence Company provides a two-year workmanship warranty on all installations, regardless of product. If any part of the railing becomes loose, cracks or otherwise fails under normal use during the warranty period, it will be repaired at no additional charge to the customer.

For more than 50 years Murphy Fence Company, Inc. has been dedicated to excellence in every aspect of our business. We pride ourselves on our uncompromised reputation, outstanding customer service, superior workmanship and exceptional product reliability. By consistently maintaining a professional atmosphere, staffing skilled employees, and providing unequalled customer service, Murphy Fence Company will continue to soar above and beyond the competition.

Why Murphy Fence?

Dependable: Murphy Fence Company has been a family owned business since 1965 so you can be rest assured we will be there in the future to service your fence and railing needs.

Reliable: Murphy Fence is a long-standing member of the AFA (American Fence Association) ensuring that you are dealing with a reputable company that adheres to the high standards laid out by the Associations ethics. We are proud to hold the Certified Fence Professional status since 1997. This is the top certification for professionalism, education and ethics in the fence industry

BBB A+ Rating: Murphy Fence is fully insured for your protection and works diligently to keep our rating of A+ with the Better Business Bureau.

Warranties: We provide you with a manufacturers material warranty plus a 2 year workmanship warranty on the installation of your railing,

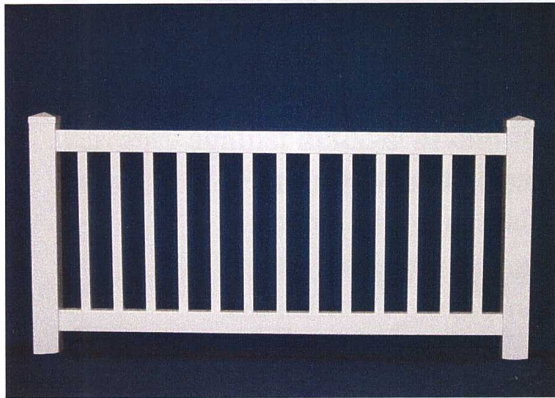

Quality: Murphy Fence provides only quality PVC materials made right here in the USA! We will provide you with full cut sheets on all fences upon request.

Selection: Please check this catalog for some of the options available. We fabricate all vinyl railing material in house making it easy to create any custom style for your home. If you have a style in mind that you don't see in this brochure feel free to mention it to one of our sales staff and we can duplicate or build it to your specifications.

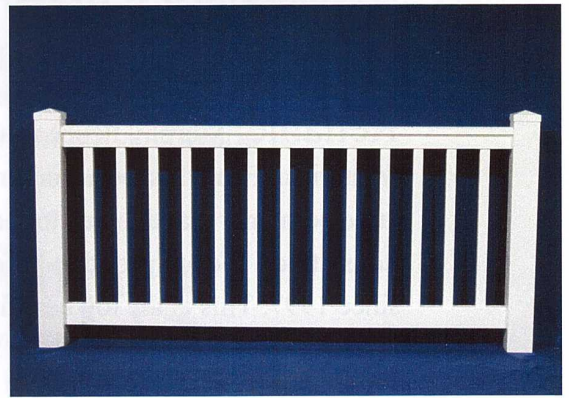

Do It Yourself: We offer material only orders for do-it-yourselfers, using the same top quality materials we manufacture.

Vinyl Brackets & Spindles

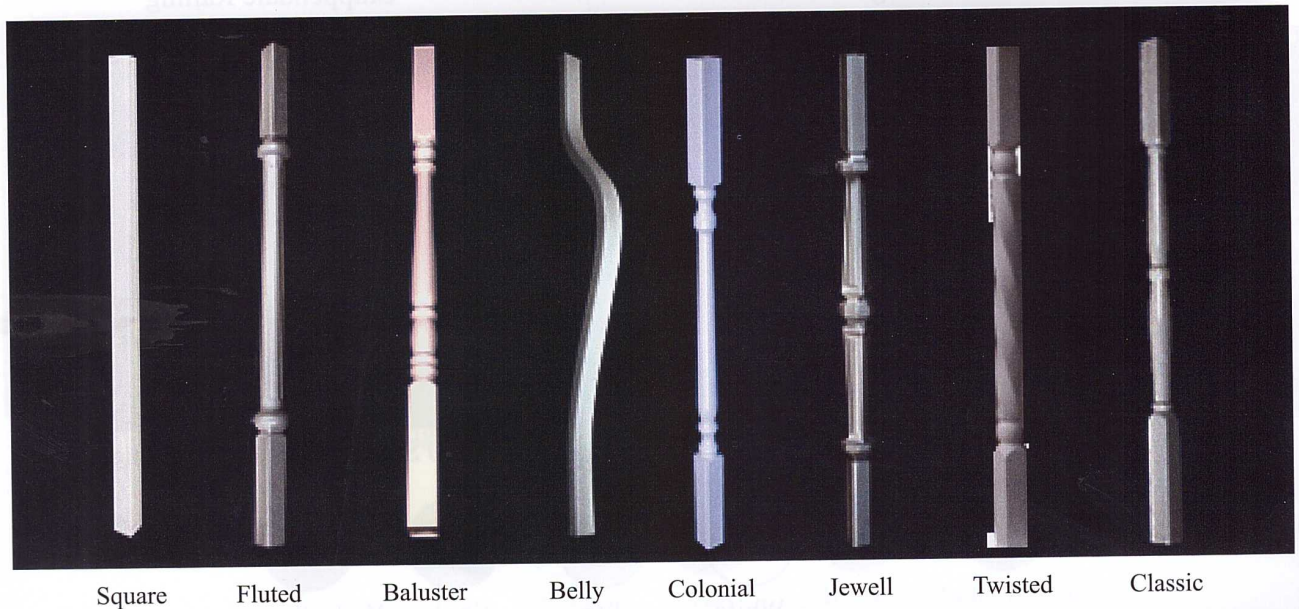

Vinyl Railing Brackets

We carry every railing bracket you would need to install our vinyl rail, even unique hard to find applications. Brackets come in a T-rail shape and 2x3.5 rail. Shown below are the most popular brackets and parts used.

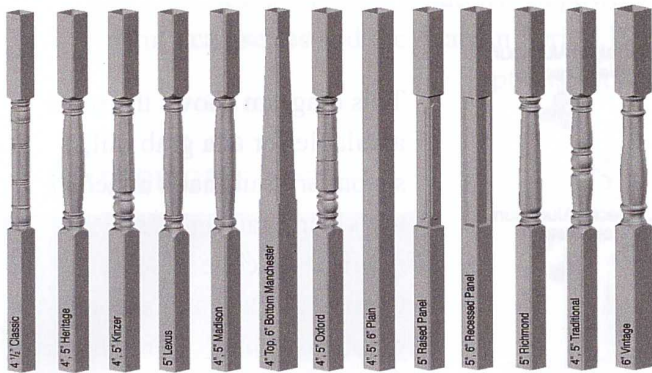

Vinyl Railing Spindle Options

Here are the standard vinyl railing spindle choices. You can also pick any aluminum railing spindle to mix and match.

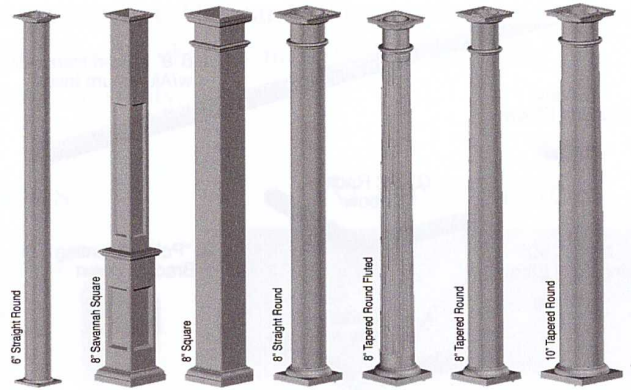

Porch Posts, Columns & Wraps

Porch Post Options

Porch posts come 9' long and from 4"- 6" diameter depending on style. Porch posts can come either structural with aluminum inserts or hollow.

Columns Options

Porch columns have no seam lines and are structural from 9' to 10' long. Porch columns load capabilities 7,500 - 26,000 lbs and come in diameters from 6"- 10" depending on style.

Vinyl Posts

4"-6" square in stock 8" on special order

Lengths from 39"-16' long

Posts Wraps

Post wraps come in 10' long lengths for either a 4x4 or 6x6 post. In stock.

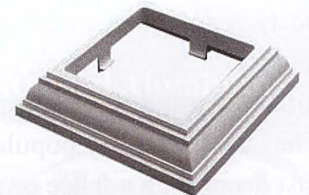

Post Mounts

Heavy galvanized steel post mounts with vinyl mounting blocks. Lags are available in either wood/composite or concrete applications.

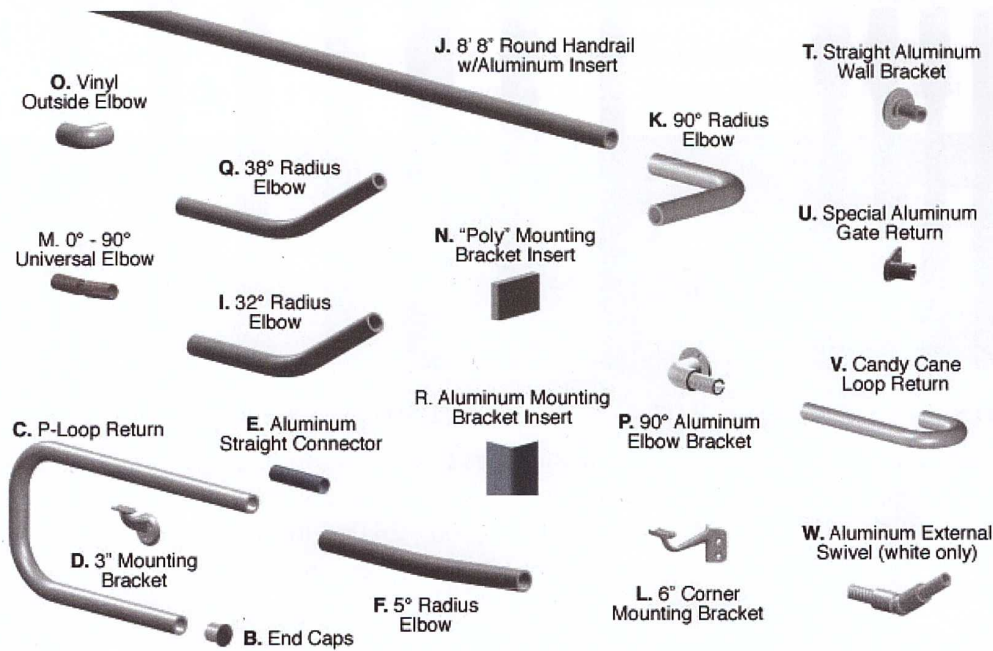

Post caps come in many different styles and sizes from 4-6 inches. Bigger upon request.

Base skirts come in sizes from 4"- 6" and in one piece, two piece, or four piece design.

Ada Grab Rail & Brackets

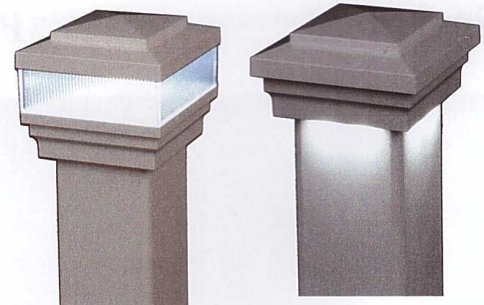

This diagram shows the parts available for ada grab rail, a secondary rail that's attached to existing railing. It's required by code in some towns. It's used as a second grabbing surface, For handi-cap ramps, stairs etc. it's made of a combination of vinyl and aluminum. All parts are in stock for same day pickup.

Solar & Led Low Voltage Lights

Solar lights come in 3.5", 4" and 5" for different size posts. A solar panel on top recharges 2-AA batteries under the cap. They can be replaced as they wear over time. Solar lights are inexpensive and easy to install. They are extremely popular for marking walkways or just decorating a fence or railing.

LED low voltage lights are a longer lasting and reliable decorative light. Low power wire runs from one light to another (up to 60). And not just post lights, there are light strips, accent deck lights and more. All run off a small plugged in transformer with optional photo eye to turn the system on. Ask for more information.

Aluminum Railing

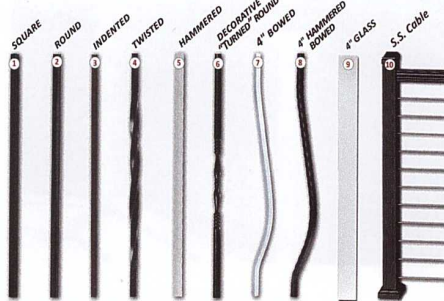

Key Link brand railing is made with a powder coated aluminum material. The standard two models are the American series and the Arabian Series. Both are offered in 10+ color choices and 10 different spindle options. Both include a Lifetime Warranty.

Cable And Glass Railing

Custom Glass Railing

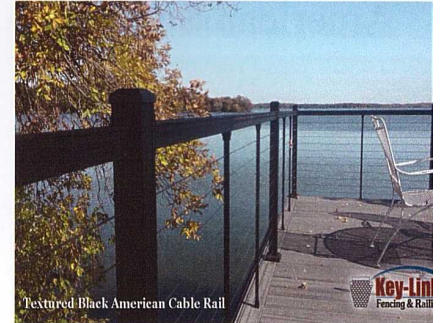

Glass railing can be set up in many different ways from solid frameless panes to glass spindles with vinyl rails. There are full pane styles or individual 4" wide glass spindles. Aluminum, vinyl or frameless rail systems can be used for a unique install. All are custom made to each job.

Atlantis Cable Railing

Atlantis Cable railing has many different set ups and styles. All made from 316 surgical stainless steel. It can be installed with vinyl, steel, wood or aluminum powdercoated with stainless fasteners. This system gives the most versatility using different kinds of materials.

Key Link Cable Railing

For those wanting alternative colors, aluminum is powder coated in a variety of color options. Also For those looking for a thinner less bulky look, this is the system for you. The noticeable difference from other cable systems are:

- Hidden Fasteners
- Horizontal or vertical
- Longer sections

Customer Testimonials

“Murphy Fence Company is my absolute go-to fence and railing contractor. From the simplest job to the highest end clients, they always deliver on time and most importantly on budget. The Avalon golf club is the perfect example. We had a tight time frame to build a large deck for the spring season. Murphy fence came in right after we built the deck and installed the railings – on time, on budget, and spot on!”

*John Rennie
Avalon Golf Club Project
John Rennie Construction
Cape May Court House, NJ*

“We called Murphy Fence Company to replace our railings as well as the fence around our pool. The suggestions they made were perfect. We absolutely love our new glass railing system. We could not be happier with the Murphy Fence team. Well Done!”

*Virginia Nichols, Owner
Sea Gull Motel
Wildwood, NJ*

“The railings on our entire building were in desperate need of attention. After calling Murphy Fence Company and several other companies to schedule estimates we were immediately impressed with the professionalism of Murphy’s office staff. When their estimator met with us he thoroughly explained what could be done and provided us with a timely and competitive estimate. We were so pleased with the experience that we chose them to do the job. We absolutely went with the right company. They completed the work on time and did an incredible job. The difference is unbelievable. The building looks as if it had a total facelift. Thank you so much Murphy Fence Company!”

*Dave Clements, President
Town House Condominiums
Wildwood, NJ*
